About PIPA

PIPA is a Canadian company created with love and passion for style and fashion for all sizes.

Our collections span semi-formal dresses, underwear and our extremely popular loungewear.

We always have one eye on what's trending. And yet, we know that good-quality, flattering clothing can be hard to find in plus sizes. Our clothing gives a nod to current trends but is never built to hide the bodies of women who wear plus-sized clothes. We make clothing in sizes 18-28 (1X-5X) that can be relied upon to be fun, colourful and of good quality.

PIPA

Our Products

We take inspiration from around the world when designing clothing in 1X-5X that will get women of all sizes excited about dressing up. Adapting international styles for plus-size women and the Canadian market is our passion at PIPA. We take great care to make sure our customers trust that PIPA cuts and patterns will look great on them.

Our products range from high-quality hosiery and underwear to loungewear and basics, dresses and jumpsuits. We understand that comfort is equally as important as looking amazing, so it is always a key consideration when we design new items of clothing for our collections.

Tights are a particularly popular product at PIPA. Usually, it is almost impossible to find a comfortable, practical pair of tights that don't chafe or slip. This is doubly true for women over size 18. But our hosiery is so comfortable that you forget you're even wearing tights.
